About the OAUG APEX in EBS SIG

- The purpose of the APEX for EBS SIG is to inform and educate our members on the ideas and successes of other organizations using APEX for creating extensions in the context of EBS. This SIG focuses on sharing knowledge and provide a forum for discussions related to creating EBS extensions using APEX for Oracle E-Business Applications Release 11i and Release 12.
- The group provides a special problem-solving forum for those involved in the complexity of developing APEX applications and recreating the EBS context in the APEX rapid application development framework. The APEX in EBS SIG meets bi-annually at the OAUG Collaborate and Oracle OpenWorld conferences and will hold periodic webinars throughout the year.

Get Involved With The APEX in EBS SIG

- What can you do to help the APEX in EBS SIG
 - Share how your company uses APEX in your EBS environments
 - Present on tips and tricks you find helpful with APEX when integrated with EBS
 - Show new APEX features and functionality and how your organization uses them
- If you would like to get involved with the APEX in EBS SIG please send an email to the board members:
 - John Peters – john.peters@jrpjr.com
 - Chad Johnson – chadjohnson@polk-county.net
 - Sylvain Martel – smartel@insum.ca

APEX and EBS Presentations At Collaborate19

- Accelerate and Automate the Price Listing in EBS: A Success Story

 - Session ID: 11187, 8:00 AM–9:00 AM Apr 11, 2019, CC 2ND FL 225A
 - Jerry Ward, Managing Director, Viscosity North America
- **Worlds Collide! APEX and Digital Assistants Revolutionize Your ERP Applications**
 - Session ID: 11235, 9:15 AM–10:15 AM Apr 11, 2019, CC 3RD FL 301C
 - Mr. Francis Mignault, CTO, Insum
 - Mia Urman, CEO, AuraPlayer

Customer Panel Member

Perumal Veerappan
Oracle EBS Technical Lead
Carnival Corporation

Presenting:

Streamline & Automate EBS Processes using APEX

Session ID: 10870, 10:30 AM–11:30 AM Apr 10, 2019, GH 4TH FL Seguin A

Perumal Veerappan, Oracle EBS Technical Lead, Carnival Corporation & PLC

Carnival Corporation

- Functional Questions
 - How is APEX helping your organization EBS?
 - What kind of application are you finding APEX good for your organization?
 - Examples: dashboards, interactive reports, data entry forms, mobile applications, etc.
 - Have you integrated data from external sources to complete a process?
 - How was that data integrated (csv/text file, Excel, web service, Web ADI, etc.)
 - Has APEX met the business requirements expectations in your organization?
 - What are the flaws or weaknesses?
 - How many APEX applications do you currently have and ~page counts?
 - Are these extensions to EBS functionality or completely standalone applications?

Carnival Corporation

- Technical Questions
 - ERP System used and version?
 - Is this on premise or hosted?
 - APEX Version in use?
 - Is APEX installed in the ERP DB or a Standalone DB?
 - Do you have a dedicated APEX Application server?
 - Are you using SSO or ERP Authentication?
 - Are you linking to ERP user/pwds
 - How are you handling page Authorization?
 - Are you linking to ERP responsibilities
 - How are you handling page navigation?
 - Does it come from ERP menu's/form functions
